And Fun Was Had

University Village hosted its first concession stand during the pre-football game events against Tennessee this fall. Over 20 families volunteered. All profits went to the University Village Community Fund. It was a fantastic opportunity for us to work together as a community on a common project. Pictures of this and other Village events can be found at <http://www.nd.edu/~orlh/housing/graduate/uvevents/htm>.

Germ-Free

A big Thank You to all of those who cleaned the toys in the Beichner Community Center in preparation for the winter season when the play room is most often used by residents.
